

# Agents Of Change

yell: Oh yeah! That's right!  
Let's go! Awww right!

sing:  
We are the future. We have the power.  
We are the agents, agents of change.  
We know the problems. We got solutions.  
We are the agents, agents of change. Woh, woh.

I am prepared from my head to my toe,  
I am so ready, I am ready to go.  
You can be part of this fabulous thing.  
Do what you do, my friend, and bring what you bring. Oh!

We are the ones to make it happen.  
We are the agents of change. Woh, woh.  
We have the strength to see it, be it.  
We are the agents of change.  
Agents of change.

yell: Oh yeah! That's right!  
Let's go! Awww right!

sing:  
We are the future. We have the power.  
We are the agents, agents of change.  
We know the problems. We got solutions.  
We are the agents, agents of change. Woh, woh.

If we want change, we must go from inside.  
Once we are ready, we can share it with pride.  
Sisters and brothers, it's not out of range.  
Working together we are agents of change. Oh!

We are the ones to make it happen.  
We are the agents of change. Woh, woh.  
We have the strength to see it, be it.  
We are the agents of change.  
Agents of change.

You! On your feet! Join the party, make it sweet!  
Hey! You! On your feet! Join the party, make it sweet!
