

# 5th Grade Singing Superstars

Dear Parents,

Please talk with your child about signing up for our Bemis Singing Superstar Choir Club! This is your child's only opportunity to sing this year as there is no 5<sup>th</sup> grade vocal music class offered. It does not conflict with any other class activities. There are no auditions and everyone is welcome! Every year I see this group of singers growing in who they are as people, friends and music-makers. This group gives students a special, memorable experience in their last year at Bemis. I see so much joy in these students when they sing together.

Students enjoy making this group their own, deciding what performances they want to do and music they want to sing. By the end of the year students say that being in the Singing Superstars was a highlight of their whole time at Bemis! The 5<sup>th</sup> Grade Singing Superstars enjoy feeling like musical leaders of our school. Over the years we have performed at Bemis, out in the community and beyond! Our music is funded by our wonderful PTO, so all your child needs is a folder, pencil and our T-shirt. Check out this year's Singing Superstars at [www.bemis.troy.k12.mi.us](http://www.bemis.troy.k12.mi.us) and click on Music on the left side menu to get an idea what your child will gain from this special experience.
